

NEXOGENESIS
STREAMLINING WATER RELATED POLICIES

NEWSLETTER

Welcome to the second edition of the **NEXOGENESIS newsletter!**

Dear readers,

We are excited to share with you the second NEXOGENESIS newsletter!

Since our autumn's newsletter, we count four full months of activities. The second edition of the NEXOGENESIS newsletter aims to provide you with up-to-date information on the project's most recent developments, events and publications. Keep yourself informed with NEXOGENESIS!

Scroll down and enjoy the reading,
NEXOGENESIS Team

NEXOGENESIS project explained

Janez Susnik, senior researcher at the IHE Delft and coordinator of the NEXOGENESIS project offered us a glimpse of the project's goals and objectives in less than two minutes. You can watch the full video [HERE](#).

In case you missed it

Stakeholders Workshop on Case Study #1

On the 18th of November 2022, the second NEXOGENESIS Stakeholder Workshop on Nestos Municipality took place to discuss policy options and mental maps.

Expert Meeting Nov. 2

Experts Meeting in Riga

NEXOGENESIS local experts met in Riga on the 2nd of November 2022 to provide a brief insight into the project's modeling process and conceptual mapping and discuss the next steps for the Case Study in Lielupe Basin.

New article on ScienceDirect

Following the stakeholder workshop consultation, NEXOGENESIS's work was described in the article published on ScienceDirect, which presents a model to visualize the effects of resource management and policy interventions on biodiversity at a regional scale. Check the full article [HERE](#).

Ecological Indicators
Volume 141, December 2022, 106930

Short title:
Using System Dynamics Modelling to visualize the effects of resource management and policy interventions on biodiversity at a regional scale

Cheryl Longden^{a,*}, J. W. van der Wal^a, J. van der Wal^a

How much do you know about the WEF nexus history?

Dr. Floor Brouwer, Researcher at the Wageningen Economic Research, revealed in his latest interview about the history of nexus and how the concept has evolved over the years until it was crucial to have the interdependencies between water, energy, food and nexus recognised. Start discovering, watch the full interview [HERE](#).

NEXOGENESIS in the limelight

NEXOGENESIS news on KWR

NEXOGENESIS was featured in the latest article from KWR, where the project is explained and presented through its five Case Studies and the latest updated from the three field visits. Read the full article [HERE](#).

Webinar participation on January 31

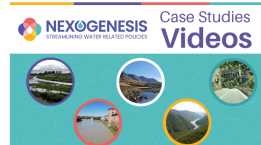

On January 31, NEXOGENESIS was presented among the 10 projects during the Webinar on 'Nexus research for improved policy support: water scarcity in Europe'. More about the Webinar [HERE](#).

More about NEXOGENESIS

Enjoy all the Case Study videos
