

NEXOGENESIS
STREAMLINING WATER RELATED POLICIES

NEWSLETTER

Welcome to the third edition of the **NEXOGENESIS newsletter!**

Dear readers,

We are excited to share with you the third NEXOGENESIS newsletter!

Since our latest newsletter, we count six full months of activities. The third edition of the NEXOGENESIS newsletter aims to provide you with up-to-date information on the project's most recent developments, events and publications. Keep yourself informed with NEXOGENESIS!

Scroll down and enjoy the reading,
NEXOGENESIS Team

The WEFE Nexus Footprint explained

Gareth Simpson formerly of Jones & Wagener (Pty) Ltd, explained in an interview how important the WEFE footprint is to strive for a more sustainable future. You can watch the full video [HERE](#).

In case you missed it

NEXOGENESIS Workshops for Case Studies #1, #3 & #4

On March 28 and 29, NEXOGENESIS held the stakeholders' workshop on the **Nestos/Mesta Case Study #1** in Chrysoupoli Kavala, Greece. The workshop involved the Municipality of Gotse Delchev and stakeholders from

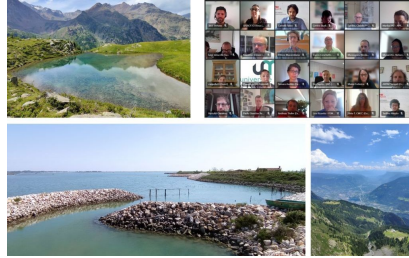

Bulgaria and Greece to discuss the future of their common river. [READ MORE.](#)

Organised by the Business Development Group, the **Jiu Case Study #3** workshop took place on May 23 in Craiova, Romania and online. Here, twenty-five local, regional and national stakeholders, from all WEFE sectors, gathered to actively discuss, contribute to and validate case-specific results shared by the project team. [LEARN MORE.](#)

The 3rd workshop of the **Adige Case Study #4** was held on the 3rd of July 2023, online, bringing together downstream & upstream stakeholders. Overall, 27 participants (excluding project partners) belonging to the different Adige administrative areas and WEFE sectors joined the event. [READ MORE.](#)

New scientific publications available

Over the last period, NEXOGENESIS has released three new publications. The topics touched on are: the correlation between human development and access to water services ([READ HERE](#)), water as a key enabler of nexus systems ([READ HERE](#)) and the updated Version of the Global Aridity Index ([READ HERE](#)).

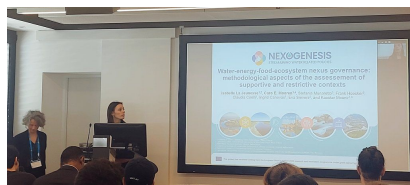

New Interviews exploring NEXOGENESIS Case Studies

NEXOGENESIS has published three new interviews to showcase and discuss the project's Case Studies involved in the Jiu River Basin, with Florentina Nanu, the Lielupe River Basin with Ingrida Brēmere and the Nestos/Mesta river basin with Prof. Maria P. Papadopoulou. You can watch the full interviews at [THIS LINK](#).

NEXOGENESIS in the limelight
